LEARNER CONSENT

Good morning/afternoon/evening sir/madam. My name is (NAME OF FIELD INTERVIEWER). I work with the African Population and Health Research Center (APHRC) which carries out research on education, Health, Urbanization, and Well being. The APHRC works in Kenya and in the sub-Saharan Africa region. Under the Education theme, we visit primary schools to collect data on school infrastructure, enrolment, staffing, teaching, learning and management. This time round, we would like to collect data from [NAME OF SCHOOL]. We seek your permission to collect this data from a sample of your class three/six pupils. We will collect their demographic and socio-economic data as well as give them a test in English and Mathematics. The pupils will be guided in filling out the questionnaires. The results of this research will be disseminated to schools participating in the study and at national level in order to inform education policy in Kenya.

The responses from the pupils will be held with utmost confidentiality and will only be available to members of the research team. Their responses will not cause any disadvantage to them, you or your school. If you accept that they participate in this research, you will be doing so professionally and voluntarily and there will not be any monetary returns. Any benefits of the research will be policy oriented intended to improve the teaching learning process. The pupils will be free to ask questions as we proceed. They may also refuse to respond to questions they do not feel comfortable answering. This interview will take about 30 minutes.

- 1.12 Would you like your class six students to participate in the study if the parent(s)/guardian(s) give consent? ☐
- 1=YES; 2=NO

[IF 1=YES, THANK RESPONDENT AND PROCEED WITH INTERVIEW AT SECTION 2.0]
