

AFRICAN POPULATION AND HEALTH RESEARCH CENTER (APHRC)

EDUCATION RESEARCH PROGRAMME

VIDEOCODES: MATHEMATICAL TEACHING QUALITY

In the process of developing this study tool, several sources were consulted and mainly included the Human Sciences and Research council (HSRC) and the South Africa Consortium for Monitoring and Evaluating Educational Quality II – Kenya (SACMEQ II).

1. School Name _____

2. School ID

--	--	--	--	--	--

3. District _____

5. Name of teacher _____

6. Teacher's code/ID

--	--	--	--	--	--	--	--	--

7. Teacher sex (1=Male; 2=Female)

--

8. Duration of Tape (Minutes)

--	--

9a. File Name _____

9c. Date of video analysis

--	--	--	--	--	--	--	--

9d. Name of video analyst _____

9e. Code of video analyst

--	--	--	--

9f. Nature of video analysis: 1=Independent assessment; 2=Joint/Agreed assessment)

--

I. Content (these are Maths curriculum outcomes)

Clips/subtopics	a. Number concepts and operations	b. Patterns, and algebra	c. Geometry	d. Measurement	e. Statistics

Specific Content: _____

Notes:
